

## Easter Footprint Baby Chick

Tuesday, 17 February 2009

### What You Need:

Yellow paint

Wash Clothes (to clean feet!)

Large construction paper

Glue

### What You Do:

1. Have the child gently dip their foot in the yellow tempera paint.
2. Step on the paper to make a footprint.
3. The heel becomes the chick's head.
4. Kids decorate their footprint to look like a new Spring chick. Use paint or markers to add a beak and the feet.
